

Curvy Design Market (CDM)

Stall Holder Terms & Conditions

For the purposes of this document markets are also referred to as 'events' and Curvy Design Market is also referred to as CDM.

ELIGIBILITY

The CDM is a clothing only market. Stallholders may sell only clothing. All clothing must be strictly women's size 14 (AU) and above. Preference is given to labels who go up to at least a size 26 to show our commitment to plus size fashion inclusivity.

Curvy Design Market (CDM) gives preference to applications from designers whose products are original and are designed and/or made by the seller. We do not accept products made for the masses because we prefer to offer our customers unique garments. The selection committee gives preference to applicants whose products are created using sustainable and/or local materials along with ethical manufacturing methods.

Applicants who prioritise designing for plus size customers will be given priority.

You will be expected to promote your stall at the market via social media for at least three weeks prior to the event. CDM promote via social media and pay for advertising for each of our markets, but we also encourage our stall holders to do their own promotion.

Applications and payment are made online. If you are having difficulty with the booking system or would like to discuss your application, please contact Airdrie & Belinda at curvydesignmarket@gmail.com.

MARKET SET UP

All market stalls are inside. Our events are welcoming and comfortable. To achieve this, we keep markets small and stall set ups are dictated by the size and shape of the venue and vary from market-to-market.

Therefore, when purchasing a stall at a CDM you are usually purchasing space for two clothes racks, rather than the traditional square meterage to set up like an individual shop (or the equivalent of this depending on the space at the venue). **One standard stall costs \$160** – this is the minimum cost for participating in a CDM, however there are exceptions. Throughout the year there will be several markets with stalls costing more. This is due to higher costs associated with these venues and to allow for social distancing (where applicable). Please see our online application form for more information about the cost of each market.

Each stall generally allows for two standard rolling 'salesman' racks when fully extended. If you need space for a mannequin, chair, table or banner etc then you may not be able to fully extend your clothing rack(s), or you may be limited to only one rack.

CDM provide change rooms and mirrors for customers (see Other Equipment).

YOUR STALL

Please keep your stall equipment within the space allocated to you at the beginning of the market. In some venues there may be more flexibility for stall set up and you will be informed of this as part of the info pack that goes to stallholders before all markets.

Market stall insurance is required at all markets. Please forward a copy of your certificate of currency to curvydesignmarket@gmail.com **at least two weeks before the market. Failure to do so will result in your stall being cancelled without any refund of fees already paid.**

Renting a stall from Curvy Design Market does not create any form of tenancy or imply a future Right or License.

The stall applicant will be responsible for payment and all communication with Curvy Design Market.

You are responsible for providing all payment systems for your stall. All stallholders are required to offer contactless payment to customers. You may accept cash, however keeping cash and change safe is the responsibility of the stallholder.

Stalls may not be transferred to another person or party without prior knowledge and written approval from Curvy Design Market. Applications to transfer a stall will not be considered unless they are submitted at least three weeks before the upcoming event.

Stalls may not be shared with another vendor without prior approval by CDM.

OTHER EQUIPMENT

Racks are NOT provided by Curvy Design Market. Please ensure racks do not exceed the length of the area you have booked.

Limited change rooms are provided. You are welcome to bring your own change room facilities though they need to be made available to all customers (not just yours) and may be placed in a public area away from your stall. This way you do not have to pay for space for your changeroom. The more changerooms there are the better the experience for customers and stall holders.

You may bring your own mirror; however, this will need to be freestanding and must fit within your own stall allocation. Some mirrors will be provided by CDM and these will be placed in areas where all customers can use them.

SETTING UP YOUR STALL

You are expected to arrive at 9am and all stalls must be ready for trade at 9.50am. Some markets will have other running times (e.g. sip 'n shop) in which case you need arrive at the venue 1 hour before the market is due to start and you must be ready for trading 10 minutes before the market trading begins.

On arrival please present to one of the market organisers. You will be notified of the location of your stall which will be determined by CDM.
